

WELCOME TO THE FREECHARGER STATION OF ART HOTEL SZEGED!

How to use our station:

- 1 Place the charging cable to the connector and shut the car down.
- 2 To use the FreeCharger Station you need the download from GooglePlay or AppStore the FreeCharger App for free. The app has a lot of useful function not just starting and stopping the charging and managing the payment process.
- 3 To start charging, you can initiate it with the corresponding button in the app, also you can stop it there as well. With the help of the application you can plan the charging of your car by using the 'Searching station' menu where you can check if we have available charging spot in our hotel even before you arrive.
- 4 When you start charging your car, you must provide you contact information, the type of your car and the charging mode where you can choose from 4 options:
 - set the maximum charging time
 - set the maximum limit of cost for the charging
 - specifies the amount of energy
 - enter the end time of the charging
- 5 The cost of the charging station is 100 Ft/kW. The balance is also paid through the FreeCharger application.
- 6 You can use the safety of our garage after you finished with the charging. We just would like to ask you that in this case please park your car to a designated parking space, so others can use the charging service.
The cost of our garage is 600 Ft/hour (during the charging), which you can pay at the reception desk in cash, with credit card or OTP, MKB, K&H SZÉP card.

Thank you for choosing Art Hotel Szegeged in the name of environmental awareness!

How will the charging of your car be free?

If you use the FreeCharger the full amount you spent to charge your electronic car will be credited to your own user account in points. You can redeem these points as a discount at different service providers connected to the system. So, if you use all your points, it means you charged your car for free.
